

Dear Friends,

Please see some information below about how to join in with some others from our circuit in an online service this (and following) Sunday(s).

Please look at the information and follow the link which should show you how to use your laptop, tablet or smartphone.

If you would like to speak to me about any of this please let me know, by email or phone 01481 257178. Phone calls are all currently being diverted to my mobile so you should be able to get hold of me most of the time.

Stay safe,

Howard

Even though our buildings are closed, we don't have to be apart. We have an online service at 10.30 every Sunday morning.

To join the service you need to use an app or website called webex from Cisco. I have made a video showing how to get this set up. To watch the video, go to this web address [bit.ly/stmmiss](https://bit.ly/stmmiss)

To join the service at webex you need the meeting number 145219697

If you have any problems with this, email [stmmission@cwgsy.net](mailto:stmmission@cwgsy.net) or call Victor on 721136.

Please spread the word of this online community.

We look forward to seeing you on Sunday.

God bless

Your friends at St Martins Mission
